## Foundation Grants \$250,000 to Clinic Campaign

The KDHF Foundation recently contributed \$250,000 to the Hospital in addition to the other donations raised in support of the Clinic Modernization Project. This brings the total raised from the community towards our \$1,000,000 goal to just over \$600,000.

“We understand how important it is to bring new specialists to Kemptville. By doing so, it will address the lack of specialists for our community in areas such as mental health services for children and youth. It is a great initiative for the health of our growing community,” explained Robert Noseworthy, Chair, KDHF Foundation.

The project involves the redevelopment of the old and unused operating suites. The space has been transformed into six new multi-purpose clinic spaces that are both patient and physician-friendly.

The next phase of development will include the addition of a much-needed private family room, which currently does not exist at the hospital.

“There is still a way to go to reach our goal, but we are encouraged by the outpouring of support we have received from the community for this very important project.”

Robert Morais, Vice Chair and Karen Cooper, Chair of the Kemptville District Hospital Board gratefully receive funds in support of the Clinic Modernization Project from Margret Norenberg, Vice Chair and Robert Noseworthy, Chair of the KDHF Foundation Board.

Presented by the

With the help of Full House Casino Rentals, the North Grenville Municipal Centre will be transformed into **Las Vegas** for the night complete with professional dealers and all your favourite casino games including roulette, craps, poker and blackjack.

Your \$50 ticket includes:

## Above and Beyond Recognition Received from Grateful Patient

When Joy Grainger required a full knee replacement, her first choice was the Kemptville District Hospital, with Dr. Paul Kim as her surgeon. The Kemptville District Hospital is the regional leader in performing total joint replacement knee and hip surgery.

“My surgery went very well. Unfortunately, I was part of the one per cent of patients who experience blood clotting post-surgery.” Joy’s condition required an emergency CAT scan, so she was taken by ambulance to The Ottawa Hospital. Joy was accompanied on the ride by KDH RN, Sharon Eves. “I was so grateful to have Sharon with me during that time. She kept me calm and I told her she would be one of my special people forever.”

Joy has since recovered from her emergency and is grateful for the care she received during surgery and for the swift and immediate handling of her post operation difficulties.

“I am so appreciative of all the hard work, care and compassion of the staff at KDH. I am a great supporter of the hospital.”

Joy recently made two donations to the KDH Foundation in honour of her anesthesiologist, Dr. D. Jones, and her nurse, Sharon Eves. The donations were made in recognition of the excellent co-ordination between Sharon and Dr. Jones at KDH and Dr. Kim at the Ottawa Hospital during the emergency transfer.

Joy made this donation through the **Above and Beyond program** at KDH. This program provides an opportunity for patients to recognize staff who have demonstrated excellent patient care by making a donation to the KDH Foundation in their honour. “I wanted to recognize the great care at KDH, not only during my surgery but during the emergency situation I was in. The care I received was definitely above and beyond!”

Joy also wanted to express her thanks to Tracey Welsh-Frappier, house-keeping staff member, for her friendly and positive attitude to her daily routine and for sharing her many positive thoughts on KDH, which exactly matched her own.

Thank you Joy, for sharing your experience with us and thank you for your kind donation to our **Above and Beyond Program** at KDH.

## Upcoming Events

March 2<sup>nd</sup>

### Casino Night

North Grenville Municipal Centre  
In partnership with Kemptville  
service groups Rotary, Lions  
& Kinsmen.

April 19<sup>th</sup>
